

Office Recycling Solutions

Passionate about delivering ethical, reliable & sustainable services

Company History

Perrys Recycling is a family run business, providing shredding, recycling and waste management services to customers for over 50 years. We specialise in providing personal and reliable services.

Our Head Office is based at our Yeovil depot, with further recycling and shredding depots in Bridgwater and Bideford.

Recycling Service Options:

Perrys Recycling can offer a bespoke solution for recycling a wide range of materials, demonstrating best practice and cost savings.

paper	cardboard	plastic bottles	food tins & drink cans	plastic vending cups	SECURITY SHREDDING SERVICE Approved to BS EN 15713 standards Mobile & Off-site services
mixed glass	printer cartridges	batteries	electrical	fluorescent tubes	

>> Customer Compliance

As a business it is a legal requirement that you store, treat and dispose of your waste in a responsible manner and prove that the waste hierarchy has been applied in-line with the pre-treatment regulations, prior to going to landfill.

You will need to show that:

- At least one material has been removed for re-use or recycling, or some other treatment process has taken place.
- All waste is stored and disposed of responsibly - with appropriate, safe containment.
- Waste is handled or dealt with by people or businesses that are authorised to do so, or delivered to a site licensed to take it.
- Records are kept of all waste that is transferred or received for at least two years (three years in the case of hazardous wastes).

PERRYS RECYCLING. Authorised. Regulated. Approved.

Perrys Recycling is committed to providing a first-class service to its customers. We have attained ISO9001 & 14001 accreditation and are members of SAFEcontractor, a health and safety pre-qualification assessment scheme dedicated to promoting higher standards of competence and compliance within the workplace.
