

BALED CARDBOARD & POLYTHENE COLLECTION PROCEDURE.

Please indicate which system you intend to use, so we can arrange transport accordingly, and provide an efficient and safe collection service.

1. COLLECTION WITH PALLETS.

- Mill size bales (e.g 400kilos plus, two bales per pallet) **please tick []**
- Small bales (e.g. 4/6 per pallet and securely strapped) **please tick []**

2. COLLECTION WITH ROTATING FORK CLAMPS. **please tick []**

The ideal solution is forklift attachments that can also clamp bales safely and efficiently. Please contact your forklift contractor for more information, alternatively contact;

3. FAX COLLECTION REQUESTS.

In order to provide a first-class service to your company, we would request that your collection orders are faxed, detailing the numbers of bales, collection address, contact name and telephone number. This procedure has proved successful in keeping the customer informed when transport will arrive. Although please be aware that allocating transport times can sometimes be difficult due to unforeseen circumstances.

Please sign and fax back, in order for us to plan your collections safely & efficiently.
 Should you wish to discuss any aspect of our service please do not hesitate to contact us.
